Dear Mr. Kergaye:

Due to recent staffing changes at the Federal Highway Administration, we would like to update the recipients list to whom State Departments of Transportation send electronic copies of their final State Planning and Research reports. Effective February 14, 2024, please send electronic report copies to the recipients listed below. Should your department wish to send on a printed copy of the research reports, please include only one copy in printed form. Transmission of these reports in electronic form is required, and reports from State Departments of Transportation (DOT) should be submitted in one of the following formats:

1. As electronic documents
2. Reports too large to be sent via e-mail may be submitted in CD, DVD, flash drive or other electronic media.
3. As web links (as long as the link leads directly to the document with no intervening logins or passwords required).

If you have any questions, please contact Tricia Sergeson via telephone at (202) 366-8870 or email at patricia.sergeson@dot.gov.

Please send electronic copies to the following recipients:
